## COMPANY INTRODUCTION

*When you share Winalite,  
Good things happen.*

## HIGH-TECH WONDERLAND

We shall lead the industry with sophisticated technologies and conquer the world with premium quality. Since its inception, WINALITE INTERNATIONAL has been driven by innovation. With the power of innovative technologies at its core, WINALITE leads its domestic & overseas counterparts from research and development to manufacturing.

ONE WORLD ONE TEAM ONE DREAM

# Success Together

To nurture the force of love on this world and help others create a life of ultimate freedom by providing career opportunities that care for consumers, innovative products that care for people's health and a corporate culture that embraces spiritual values.

**WINALITE INTERNATIONAL** is a multinational corporation specializing in the research, development, manufacturing and marketing of high-tech products. With its major product "Love Moon" Anion Sanitary Napkin, it has received positive response from the global market as well as wide recognition and a stellar reputation since its founding in January 2007.

As its scale of operation and market demand has grown, WINALITE has gradually developed a diversified global product strategy and launched various high-tech healthcare products into overseas markets. The company currently owns three modernized plants, whose standard factory buildings cover a total area of 100,000 square meters. They provide WINALITE a solid basis from which to meet ever-growing customer demands and also provide support for its global expansion to overseas market.

At present time, WINALITE has more than 1,000 employees across the world, including many senior level management personnel with extensive experience in managing multinational corporations. More than five million global distributors have helped WINALITE expand its market into 78 countries and regions throughout the world, developing a global organizational strategy and a large-scale management mode in which the global headquarters coordinates its ten operation regions, including Greater Russia, Greater India, Southeast Asia, Northeast Asia, Europe, Africa, North America, South America, Oceania and the Middle East.
